

# 3D CHARACTER ANIMATOR

## Who we are and what we do:

At **Avataris** (<https://www.avataris.ai>), we're not just building AI - we're bringing digital humans to life. Our cutting-edge, photorealistic AI avatars are redefining customer interactions, making websites, apps, and digital platforms more engaging, personal, and intelligent. Imagine virtual assistants that don't just answer questions but connect with users on a human level - speaking multiple languages, adapting to emotions, and creating trust like never before.

Our remote-first team of AI, Unity, and avatar experts is shaping the future of digital communication, from hyper-realistic chatbots to Metaverse-ready AI agents. If you're passionate about pushing technology to new frontiers and creating experiences that blur the line between digital and reality, **you'll fit right in.**

## Your tasks:

- Create character animations that are as realistic as possible
- Collaboration in motion capturing and reworking of the recorded animations
- Technical experience with rigging, skinning and Maya-Unity pipeline work
- Technical conception of the animation sequences and link to software developers

## Your skills/experience:

### *Must have:*

- Experience with **character animation** in Maya/Motionbuilder
- Experience with **Unity** or fast learner with basic knowhow-background
- Experience with **motion capturing** (especially cleaning of mocaps)
- **Advanced English** (fluent, if possible, also "software English")
- Problem-solving oriented, proactive and self-organized
- Strong communication skills with external team members
- Organizational talent, conscientiousness and quality awareness

### *Nice-to-have:*

- Education in the field of 3D artist, animation and/or software development
- Knowledge with Unity (primarily animations and character pipeline)
- Knowledge in using Motion Capturing, iClone and/or DAZ 3D Studio
- Startup mentality

## Why Join Our Cutting-Edge AI Startup?
